

## Naomi House Hospice Recycling Scheme

*Lucy-Anne Yeates and Nancy Barnes had over the recyclable items to Hilary Dukes, Naomi House Hospice*

A team of Year 11 Silver DofE pupils, **Nancy Barnes, Lucy Kirby, Calum Murray** and **Lucy-Anne Yeates** has been busy all year collecting recyclable items for the Naomi House Hospice Recycling Project. Funds raised by the project go to pay the fuel bills at the Children's Hospice, which is based in Winchester. Naomi House is currently building a special hospice for teenagers to be called "Jack's Place". The team has been collecting and sorting used printer cartridges, used stamps, old mobile phones, foreign currency and milk lids.

Prizes were awarded to the pupils who donated the most items throughout the year. They were **Ted Davis, Joe Boyle, Rebecca Mottershead, Charlie Rooks, Betty Reed, Peter Bates, and Matilda Moore.**

Please keep sending in **printer cartridges, used stamps, mobile phones** and **foreign currency** in named bags as we will be running the scheme in the next academic year.
