

FORM 1
SUMMER EXAMS
2017

DITCHAM PARK SCHOOL

Where every child is known and valued

REVISION PACK
&
TIMETABLE

As we head towards the summer, it is the time of year when we move into the examination season. As our Fifth Form leave to commence their formal GCSE exams, the rest of our students must also start to think of their own internal exams which commence on Tuesday 6th June. Individual teachers will provide students with a lot of information about what will be required in their exams, but I wanted to provide you with an overview of some of the key revision information that has been provided. In this way you will be better positioned to help your child through this important period of the school year.

In some subjects detailed revision lists have already been provided to students, and this information will not be repeated again here, but at least you will know of these lists, and you can help your child work through them.

I hope you find the following summary useful.
